## **Summary:**

The Village of Patchogue Community Development Agency (CDA) has prepared this plan for use of Community Development Block Grant (CDBG) Funds from 2023-2028 to coincide with the 2023-2028 consolidated plan of the Town of Brookhaven. The Patchogue CDA anticipates receiving a total of \$750,000 over the five-year period. Of those funds, \$562,500 will be for public improvement projects, \$112,500 will be for public services provided by CDA employees to residents of the Village of Patchogue (the Village), and \$75,000 will be for administrative costs of the program. This plan will focus on the proposed uses for the \$562,500 CDBG funds for public improvement projects.

## **Patchogue Community Development Agency**

### **Overview:**

The Village of Patchogue Community Development Agency (CDA) was established in 1980 under Article 15 and 15A of the General Municipal Law. The certificate of establishment, dated October 2, 1980, and filed with the Secretary of State on October 3, 1980, sets forth the purpose of the agency:

*The establishment of the Village of Patchogue Community Development Agency was necessitated by the ongoing community development in said Village. The Village has experienced aging housing stock which requires rehabilitation and the enforcement of strict housing standards. In addition, in order to provide for senior citizens and other residents of the Village who legitimately require housing assistance, it is necessary to acquire, refurbish and make available subsidized housing units. In addition, it is necessary to commence rehabilitation of older, less attractive portions of the commercial business area within the Village of Patchogue in order to revitalize the commercial atmosphere. The creation of the Community Development Agency is the most effective means of providing the administration of these various programs.*

*The CDA was created to act on the Village's behalf to administer federal community development funds. The Village maintains responsibility for ensuring that all funds are spent in accordance with federal guidelines. Federal auditors may periodically inspect an Agency's records to ascertain compliance with federal law. The Agency, on the Village's behalf, is thus responsible for acting in conformity with all applicable rules and regulations.*

### **Applicable Laws:**

New York State's General Municipal Law, the Public Authority Reform Act of 2009, and the U.S. Department of Housing and Urban Development (HUD) regulations, together, establish the ground rules for the CDA's operation. The General Municipal Law Article 15-A sets forth what the agency can and cannot do and the methods for taking actions. The major functions of the Agency are:

1. To plan for community development activities;
2. To develop means of financing community development projects;

3. To undertake and implement community development activities;
4. To act as the local government's agency in matters relating to combating blight and deterioration and improving the economic and social climate of a community.

The Patchogue CDA is also a Public Housing Authority (PHA) administering the Section 8 Housing Choice Voucher program for the Village. As a PHA the CDA is subject to the rules and regulations contained in Title 24 of the Code of Federal Regulations (24 CFR) as well as notices and handbooks published by the U.S. Department of Housing and Urban Development.

Funding for community development activities comes in the form of Community Development Block Grant (CDBG) funds. The CDA applied each year and receives its CDBG funds from the Town of Brookhaven. The CDBG regulations are contained in Title 24 of the Code of Federal Regulations.

The CDA is a Class C Public Authority and is subject to the Public Authority Law as amended by the Public Authority Accountability Act of 2005 and the Public Authority Reform Act of 2009; the Freedom of Information Law (Public Officers Law, Article 6, §§84-90); the Open Meetings Law (Public Officers Law, Article 7, §§100-111); and Public Employee Ethics Reform Act of 2007 (Public Officers Law §§73, et seq.).

### **What are Community Development Activities?**

In general, the CDA is concerned with improving living conditions for low- and moderate-income families and eliminating and preventing deteriorating conditions. CDA activities relate to physical improvements, expanding an area's job base, and providing new or additional public works and services. To accomplish these goals, Article 15-A provides the Agency with broad powers. The CDA may, subject to proper procedures:

1. Acquire and condemn real property;
2. Construct, repair, and rehabilitate properties;
3. Undertake certain public works;
4. Lend monies and provide grants for construction and rehabilitation; and
5. Accept federal and state grants and aid.

### **The CDA Board**

The CDA Board establishes the policies relative to the activities undertaken by the Agency. The Chair and members review and approve agency projects and expenditures. The Village Board of Trustees, with the advice of the CDA Board, appoints an Executive Director to run the day-to-day operations of the CDA.

The CDA Board is appointed by the Mayor and Board of Trustees of the Village of Patchogue. The term of office for each member is at the pleasure of the Mayor and the Board of Trustees and each member shall hold office until a successor has been appointed and qualified. Members are appointed upon vacancy or at the time of the annual reorganization meeting. Members must be sworn in. The CDA Board consists of a five-members including a chairperson and one alternate.

The CDA Board also serves as the board of commissioners for the Housing Choice Voucher Program.

### **CDA Meetings**

The CDA Board meets on the first Thursday of each month at 6:00 p.m. in the Board Room at Patchogue Village Hall, 14 Baker Street. Special Meetings may be called with proper notice as required under the Public Meeting Law.

### **Public Hearings**

From time to time, as required under the law, the CDA will hold public hearings to be noticed as required under applicable state or federal law. Dates and times of Public Hearings may coincide with regular board meetings.

### **Citizen Participation:**

The monthly meetings of the CDA are open to the public. Each year a public hearing is held for citizen input into the Annual CDBG Project Plan. For this five-year Long Range Plan, the CDA reached out to stakeholders in the community for attendance at designated monthly meetings to receive input from the stakeholders.
