REFUSE & RECYCLING COLLECTION

Village collection for household garbage is (2) times per week. Garbage cans must have close fitting (water tight) covers and durable handles. Construction debris and hazardous waste is strictly prohibited.

The Sanitation Schedule is as follows:

Monday & Thursday South of Main Street

Tuesday & Friday North of Main Street

*** Garbage not picked up because of a holiday, will be picked up on your next scheduled pick up day.

RECYCLING POLICY

Dual-Stream recycling is collected curbside on alternate Wednesdays. Please see attached calendar for dates and acceptable items. Please Note: Glass is no longer accepted in your recycling container. Residents should designate a can or cans for recycling by picking up a free sticker in the Clerk's office at Village Hall. Cans are not provided by the Village.

BULK ITEMS

Two (2) bulk items, i.e. couch/table/mattress, can be placed curbside every Tuesday night and will be picked up sometime Wednesday after recycles are completed. *No appointment needed for bulk items.*

Don't Litter

Not all trash ends up in trash cans. When you walk on a sidewalk, you may see candy wrappers, cigarette butts and soda cans littered along the path. You may also see litter in city, state, or national parks, along trails and in parking lots. Not only does littered trash make urban and natural places less attractive, but litter has negative impacts for humans, wildlife and the environment.

Tobacco products make up more than one third of existing litter. If a lit cigarette is dropped onto the ground, it can cause a forest fire. Cigarettes are also full of toxic chemicals such as cadmium, lead and arsenic, which can contaminate the surrounding environment. If children or animals find and eat cigarette butts, they can be poisoned.

Many types of litter take years to break down, if they do so at all. Aluminum cans could last more than 100 years in a landfill. When litter becomes part of the environment, it contaminates habitats for plants and animals. Chemicals from litter can poison soil, and polluted water and metals can also leach into groundwater supplies.

SIDEWALK OR CURB & APRON CUTTING APPLICATION

It is required for any change of placement or new placement of driveway. You must fill out the form and attach insurance certificate. Approval is subject to inspection by the Superintendent of Public Works. You can get the application either at Village Hall Clerk's Office or on the Village website patchoguevillage.org.

STREET LIGHT OUTAGES

To report a street light out, please call Village Hall at 475-4300 ext. 130 and our electrician will get it repaired as soon as possible.

POT HOLES

To report a pot hole, please call Village Hall or e-mail potholes@patchoguevillage.org and the Highway Department will get it repaired as soon as possible.

SEWER APPLICATION

To obtain information regarding a new sewer connection or a change of use for an existing connection call 475-4300 ext.130. Applications and instructions can be obtained at Village Hall or downloaded from the Village website patchoguevillag.org.

WHITE GOODS

Stoves, Dryers, Refrigerators, etc. are picked-up on Wednesday by **appointment only**. These items are to be placed curbside on the Tuesday night prior to the scheduled appointment.

YARD WASTE

Leaves must be placed in PAPER BAGS and brought curbside on your second garbage day on alternate weeks. Check color coded Calendar for correct pick-up dates.

Curbside loose leaf collection will begin no later than November 7th and will continue through and not end before December 16th. During that period, the Village will collect bagged & unbagged leaves brought to the curb. See schedule for bagged leaves pick up. Crews will employ a high volume leaf sucker and piles **MUST** be free of all debris such as sticks, twigs, corn stalks, pumpkins and trash of any kind. **Contaminated piles will be left behind** as they will cause damage to the machine and result in downtime. Crews will begin in a location and work their way through the Village until complete and start again at the beginning. **Leaves will NOT be collected by appointment.**

BRANCHES

Branches must be six (6) inches in diameter or less, cut into three (3) foot lengths, bundled and brought curbside. *They will be picked-up on your second garbage day on alternate weeks.* Check color coded Calendar for correct pick-up dates. **Larger branches will be picked-up on Wednesday by appointment only.** They must be placed curbside on the Tuesday night prior to the scheduled appointment.

RECYCLE CENTER

Rubbish and bulk items can be brought to our Recycle Center/DPW Yard, located at 216 Waverly Avenue, across for US-1 Auto Parts. The Recycle Center is open every first and third Saturday of the month, *except on holidays*. Saturday the hours are 8:00am to 4:00pm. *Please note* that the recycle center is open every Saturday the months of April & September and all fees are waived.

This service is for Village of Patchogue Residents Only.

RECYCLE CENTER FEES:

| | |
|---------------------------|--------------------|
| Cars / Suvs's - | FREE |
| Cars / Suv's with Trailer | \$25.00 |
| Pick-up Trucks | \$25.00 |
| (with Racks) | \$25.00 additional |
| Vans | \$25.00 |
| Mini Vans | \$15.00 |

~ Tandem Six Wheel Dump Trucks & Rack Trucks Are Prohibited

*** Construction Debris, Car Parts, Hazardous Waste, Full or Empty Propane Cylinders will NOT be accepted and must be taken to the Brookhaven Town Landfill.

SNOW REMOVAL

Residents must remove all vehicles from streets after an accumulation of 2" or more of snow. Parked cars are an obstacle to the snow plows. In addition, plowing around parked cars leaves large amounts of snow and ice on the roadway. **Vehicles left on the street during a snow emergency may be towed at owner's expense.**

Please stay back from the plow truck 200', the trucks need to backup on a regular basis.

Shovel snow from driveways onto your lawn and not into the street. This will help avoid creating dangerous slippery conditions for both motorists and pedestrians.

Place property markers on your property line as this helps the person plowing distinguish between the road and your property if there is a lot of snow. It is your responsibility to remove snow from sidewalks adjacent to your property.
